FOR IMMEDIATE RELEASE:

Andrew Miller Cited for Charitable Work

March 24, 2009, Toronto, Ontario - Andrew Miller was profiled in the March edition of the Leadership Sinai Newsletter for his dedication and fundraising efforts for Mount Sinai Hospital in Toronto.

Miller was described as an "...all around active member of the community..." when discussing his commitment to raising funds for the hospital where he and his young family were born. His latest initiative is to chair an event that will raise a million dollars annually for the hospital, something very few charity events can achieve.

"It is an honour to be able to contribute to a renowned organization like Mount Sinai Hospital," said Miller. When asked for details on the new million-dollar event, Miller replied, "you will have to wait and see what we come up with, but we expect it to be a world class event that will attract a wide range of people"

Miller is President of ACM Consulting Inc., a company that helps high performance organizations operate more effectively by aligning people, processes and technology, so he knows about achieving results quickly.
